

VOLUNTEERING AT MARY IMMACULATE PRIMARY

CHILD PROTECTION CHECKS

Dear Parents and Caregivers,

As you know at Mary Immaculate Primary, we warmly welcome any parents or caregivers who are able to offer their time and skills in a voluntary capacity to assist the students in our school.

We are required to ensure all volunteers working in our school comply with Child Protection policy and practice.

All volunteers working in the school are required to complete Child Protection workshop online every two years, through Catholic Education Diocese of Parramatta. This is a requirement for any volunteer and once the workshop is completed, the school is notified via email and then clears you to work in a voluntary capacity at Mary Immaculate for two years.

The address for this link is <http://childprotection.parra.catholic.edu.au/training> - "Start the Module". Once complete, an email will be sent to Mary Immaculate Primary notifying the school that training has been completed.

We greatly value your help at the school and look forward to working with you in the future. If you have any questions or concerns not addressed through the above website, please ask Mrs Sharon Mizzi or myself for clarification.

Yours sincerely,

Stephen Dowd
Principal
