Dear Parents/Caregiver,

This week we are all involved in Student-led Conferences. This aims to enhance your child's learning and to give you further detailed evidence of your child's learning progress. The whole process to date has really enabled the students to engage in their learning in new and innovative ways that develop them as knowledgeable and communicative young people.

Your role in this process is to continue to support and celebrate your child in their conference and beyond using all the information they will now be able to share with you.

Moving into next term the students will be able to share their work with you using the Seesaw app. Instructions about how to access this will be shared with you early next term.

This process has been a big and significant undertaking for MIPS. We have worked with urgency to enable our school to employ this high yield strategy. However, please keep in mind that we are at the beginning of this type of learning. Our students will progressively grow into the process so remember that they too are just at the early stages of being able to do this really well. They will continue to improve.

Enjoy the experience and congratulate your child for the amazing young learner he/she is!

Yours in Learning,

Stephen Dowd  
Principal

### Making a booking for your Student-Led Conference

If you have not done so please make your booking today.
