

## MARY IMMACULATE PRIMARY

~ NEWSLETTER ~

**Term 3 Week 3: Monday 5th August 2019**

Dear Parents/Carers

Today I write to you with the very sad news that the father of three of our students, Jon Anthony Wise died last Wednesday.

Jon was in Brisbane at a work-related conference when he suddenly and unexpectedly took ill. In the company of his colleagues, his condition rapidly took a turn for the worst and despite receiving excellent medical assistance, he could not be revived.

With Mrs. Mizzi, Mrs. Moore and Mrs. Morrison, I have just returned from visiting the children - Annabelle (K), Caitlyn (3) and Lucas (5) as well as Annmaree, their mum. They are a remarkable family, warm and thoughtful, strong and admirable.

Jon was a quiet and generous man who loved his family and continually gave of himself for them and for others. He was recognised by his colleagues and employers for his skill and dedication as well as the gentle and welcoming way he had with people.

Last Wednesday when we became aware of Jon's passing, we began work with our teachers in managing the way forward. We arranged for extra counsellor support during this time as well for our students and colleagues. Our teachers received support in responding to student concerns if and as they arose.

I have spoken briefly with our Year 5 students and one Year 3 class because the news had begun filtering through that group. I have not broadcast any news about this before now out of respect for the family and their obvious right to be the determiners of how people find out. They have asked me to write to the community with these details.

I am not speaking at this stage to the whole school student population about Jon's passing. Out of respect for your families, I invite you to speak with your children as you see fit for your own situation. For many families this can be very challenging and I would urge you to seek support if needed.

When I do speak to the students, I will be focusing on the gift that we are to each other in difficult times as we share God's love, as a Catholic community, in support of those in need.

Please pray especially for the Wise family and for those in our community who have lost a loved one. The family have been wonderfully supported by the community and appreciate that immensely. Details of Jon's funeral will follow when they are determined.

*Eternal rest grant unto Jon, O Lord. And may perpetual light shine upon him. May he rest in peace.*

With appreciation for your ongoing support,

Stephen Dowd, Principal

## Peer Support Begins!

Last week, our first session of Peer Support was a great success! Our Year 6 students showed excellent leadership in leading their groups in their first session of Peer Support.

Our unit this term is on Optimism. This week in Peer Support, your child will discuss their favourite activities and also talk about how these help us to have fun. You might wish to discuss what optimism is this with your child and ask them about their Peer Support session each Monday.

# Maths Olympiad 2019

Mary Immaculate have entered an enthusiastic team of children from Year 5 and 6 in the Australasian Problem Solving Mathematical Olympiads (APSMO) Competition.

Last week the third of five Maths Olympiad competitions for 2019 was held. The overall aim of the competition is to encourage mathematical problem solving skills in an enjoyable contest environment.

The top Mary Immaculate scores for Olympiad 3 were:

**4/5-** Lucas W & Kanav S

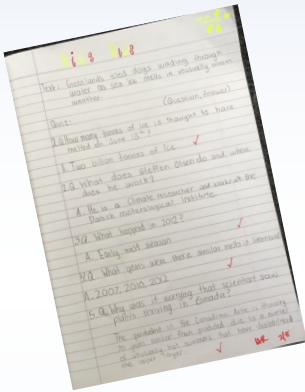

**3/5-** Alaysha G

Congratulations to all of our team for your dedication and hard work and to these children on an exceptional Olympiad result. The next Olympiad will be held on 20th August, 2019

Here's a sample question for you to try:

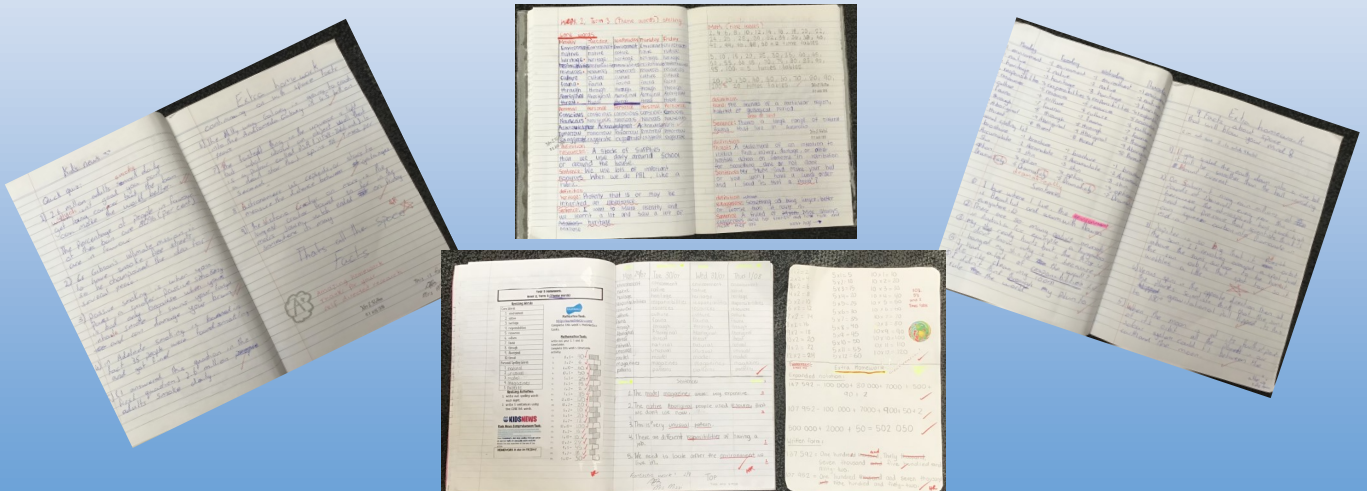

In the following cryptarithm, each letter represents a different digit and the same letter always represents the same digit. What is the greatest value that PALS could equal?

$$\begin{array}{r} \text{CATS} \\ + \text{DOGS} \\ \hline \text{PALS} \end{array}$$

## STUDENT WORK SHOWCASE

This term Year 5 have been working on using homework as a way to consolidate their knowledge of concepts covered in class and to work on self directed research. Students have been able to identify areas of strength and areas that need to be revised. During this process students have been looking at their goals and working out ways to achieve these goals. Students are working at different learning levels. Some students are using homework as a way to consolidate surface knowledge of a topic while other students are working on developing their transfer skills by taking information they have learnt in class and applying it to different contexts. Students have been using many different methods of recording their homework, some of these include google slide presentations, written work, interactive presentations and many other methods.

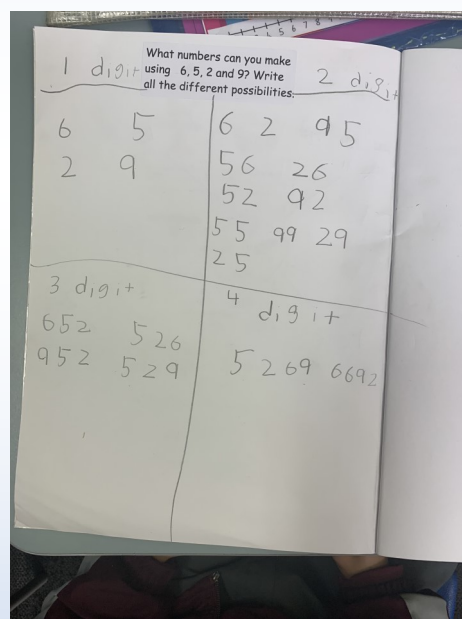

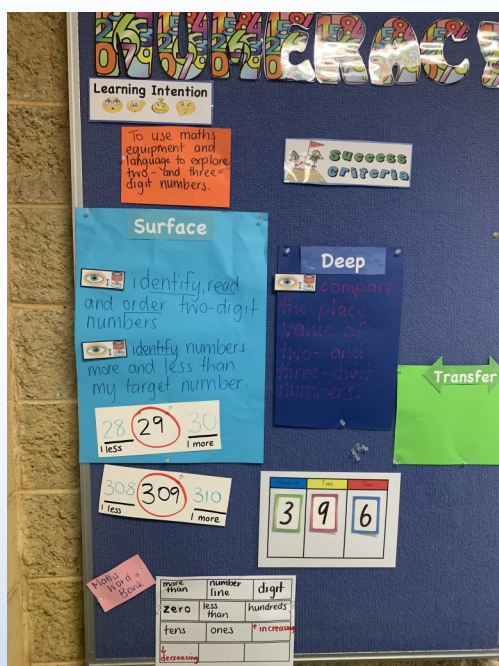

# Numeracy News from the Year 1 Classrooms

Year 1 are learning to read, order and describe two-digit, three-digit and some four-digit numbers. Last week we completed questions that connected to the real world and had lots of possible answers. During our learning we asked lots of questions and reflected on where we are in our learning and what our next steps were. We can now identify the important parts of a question to understand how numbers work. We learnt that mistakes along the way demonstrate that we are taking risks and growing in our learning. Here are some examples of our learning and the concrete and semi-concrete materials we use to guide our learning.

I do not <b>yet</b> understand.	I am <b>starting</b> to understand.
I need <b>coaching</b> .	I need <b>coaching</b> but want to <b>try</b> some on my own.
I <b>understand!</b>	I <b>understand very well</b> .
I <b>make</b> a few mistakes, so I'm <b>working</b> through those.	I can <b>explain</b> this to others without <b>telling</b> them the answers.

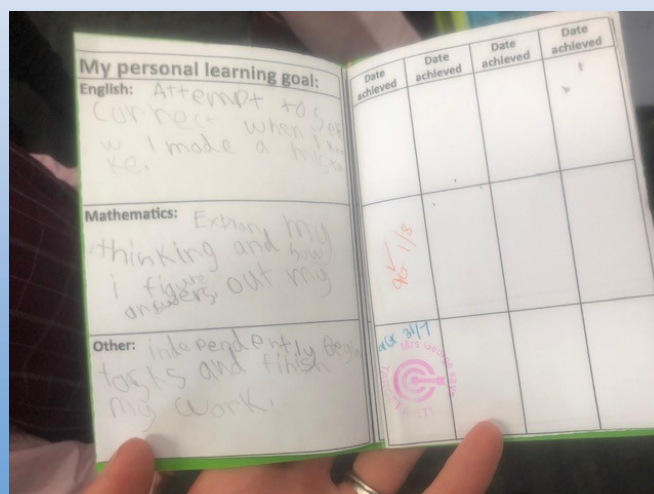

## Three Questions

**What** am I learning today?

**Why** am I learning this?

**How** will I know that I have learned it?

# ALTER SERVERS

Hi Mary Immaculate!

As some of you may know that Jobel and I altar serve at our parish church, during school masses and on the weekends.

We are currently the only servers at this school. So we wanted to ask if anyone would be interested in the role of altar serving. Now you might be wondering: what does an altar server do? Firstly, we get to church a few minutes before it starts, and we get dressed into our robes. We then walk in with the priest during the entrance hymn, and help him with the Gospel and offertory throughout the mass.

It's an important role that Jobel and I have really enjoyed doing. So if becoming an altar server interests you, the training will be held next week. *The only requirement is that you've done your Holy Communion.*

If this sounds like something you'd like to do, your parents will need to contact Mrs. Moore or register at the parish office. Altar serving deepens your faith with God and it is a very special way to actively participate in our Masses. It is also a very educational experience and will make your time in church an amazing time.

### INTRODUCTION

Our new junior summer competitions at Castle Hill Indoor Sports for the 2019/2020 will be starting soon. These competitions have been running since summer of 2003/2004 and we have grown from 28 teams in our first season to 160 teams last year, and we anticipate at least 180 teams this season.

The competitions are designed to give every child a chance to continue their skills whilst they are in their off season from outdoor. They are conducted in a friendly and social manner for all children playing, and for parents to view.

If you are registering a team, we do not need to see all the players at registration. It will be sufficient for one representative from the team to come down to the centre with all the player details and registration monies.
